Getting ready for the graduation procession in Hyderabad, India. There were about 1,000 graduates from this church planting school, The Timothy Initiative

I know that I am not alone when I am amazed at God's grace in my life! His goodness in allowing me to be a bondservant for the expansion of His Kingdom. As partners with us in this ministry, you are also participating in the expansion of God's Kingdom.

Currently I am working with several churches and church planters. I have just started working with a pastor in Southern California who desires to see his church move toward planting other churches. I continue to work with our own church, Harambee. I am coaching and mentoring small missional group leaders and am moving

toward planting a church in the South Puget Sound area.

Please be in prayer because in the fall I have 9 coaching relationships and it looks like another 5 church planters will be added.

Plans for the Uganda/Kenya trip have moved to Jan 2011. It was determined by DCI (the organization that invited me) that it would be best. I am partnering with Pastor Ron Lawler at that time, and will be there two weeks.

Another area where God is working is in our own neighborhood and condo. One family has become

good friends and are now attending Harambee with us. Several others have attended some parties in our home.

Jean made friends with an elderly lady while walking our dog, Shelby. She was struggling with terminal cancer, and did come to know Jesus before going home to be with Him! Praise God for the way He works in our lives and that of others too.

We have gotten to know some neighbors behind our condo, and spent 4th of July having a BBQ with them. She has already asked us to pray for her. We feel called to be Jesus to our neighborhood.

Vision 2030

We have some friends in India, Raji and Arjuna Chiguluri. They have founded an organization called Vision Nationals. This organization has founded an orphanage, school and seminary in Vizag, India. They are developing the same things in Nepal and Thailand. The goal for Vision Nationals is to see 10,000 new churches by

2030.

We have been in discussions with them as to how Bob can provide more help in this ministry.

Our church, Harambee, has sent a team of people to do a Vacation Bible School for them for a number of years now. It has changed the lives of the team members who participated.

Raji and Arjuna Chiguluri Vision Nationals

A Challenge:
We just finished celebrating 4th of July. Our next national holiday is Labor Day. Holidays are great opportunities to engage people in our neighborhoods
