CHIN-UP.....Date

We continue to be blessed in every way by the gifts of prayer, time, talents and giving!! Thank you, and praise to God for His faithfulness!

We are in Washington!! We arrived Monday Aug. 11th! We are thankful for the volunteers who helped us load in Dillon and those who helped unload into Renton storage. We had to unload early, on Tues. Aug. 12th, but God provided all the help we needed on short notice.

We have a one-bedroom apt. in the walk-out basement of the Tomlinson's home in Issaquah, WA. (They are close to Renton.) We have a wonderful forest setting out our wall of windows, some lawn and lots of

space for our dog. Brook, to run around. Since we arrived, the weather has been from 90degrees to pouring rain! It is a peaceful and quiet space and we are unwinding. (This a temporary rent-free situationanother blessing!)

Shelby, our other dog, is visiting the Battson's for a while. She loves them and they love her. She has stayed there in the past.

We are about 65% funded now. At this time the amount we need to raise would about equal housing money for us.

We are starting to settle in at Harambee Church. We were told there is a small group near where we are living that we

will check out. They are having a BBQ next weekend.

Bob has started his shots he needs for his upcoming trip to India and Thailand in November. He will work with a team of pastors to help equip pastors and church planters in those countries.

Bob just returned from his trip to Fort Meyers, Florida. The opportunity was great, as he was able to network with some church planters who desire his help. Also, the Leadership Workshop was excellent and he can use it with other churches as needed.

Our cells are the same:

Prayer Request and Praises

- Thank you to the many who helped us load and clean in Dillon, and to the Hansen's who had a farewell for us in their home!!
- Thank God for our great temporary home!
- Also praise to God for our safe trip and the help we had to unload and pack things into our storage unit!
- Please pray for an increase to 100% for our support,

and that when it is time, we will have the place we need to live in.

- Please pray for those in Bob's schedule
- Health, safety wisdom for Bob
